

Who and What Controls Your Mind? I

Fred R. Coulter—December 17, 2011

Greetings, everyone! Welcome to Sabbath services. Who and what controls your mind? That is a question for today and on into the future, because little do we realize the things that are coming down. Little do we realize the magnitude of these things.

Let's begin with the simple and easy to understand. Let's come to John 17, and the reason we're going to start here is because this tells us the basis for what we are going to cover in Scriptures today. The truth is, ***your mind is the very center of conversion!*** You need to understand that. Who or what controls *your* mind? Think of this: *we have the Bible!* And as I've said before, you better have the *physical* Bible. Like one man with the disaster down in Southern California said, 'The electricity was out for a week and I actually read the physical Bible.' Take heed!

John 17:14: "I have given them Your words... [What do we have with the Old and New Testament? *All the words of God!* Very important to realize.] ...and the world has hated them because they are not of the world... [We need to focus on '*we are not of the world.*' And what does that mean in controlling our minds and in living in the world, but not being a part of the world?] ...just as I am not of the world." ***You are of God!*** Once you receive the Holy Spirit of God you are *of* God and you are *called out of* this world. That's why it says '***come out of her***'—the whole Babylonian system of this world—'***My people.***' (Rev. 18).

Verse 15: "I do not pray that You would take them out of the world..." We have to live in it, but there are certain things we need to do to insure that we are letting the Holy Spirit lead us so *we* control our thoughts. You might say, 'Oh, why do you say that? I'm in control of my thoughts.' Really? Have you gone to the mall lately where they play the Christmas carols? Remember those songs? Are they still ding-donging in your brain? Think about that one little thing.

"...but that You would keep them from the evil one." (v 15). We are to be kept out of the grasp of Satan the devil. If we don't stay close to God, guess what's going to happen? If we don't understand how to come out of the world and stay out of the world, guess what's going to happen? Why do you suppose that the message to the Laodiceans is what it is? '*You're rich and increased with goods and have need of nothing and you know not.*'

Why does He say 'you know not'? *That's because you are not controlling your mind and you do not have a proper relationship with God, so you*

know not that '*you're wretched and miserable and poor and blind and naked.*'

Living in the world that we live in today, with everything that we have today, we need to understand the magnitude of what is being planned and worked out by Satan the devil in this world to control people, and all leading up to the magnitude of the *mark of the beast*. You're going to see it from the things that I'm going to read here in just a little bit, it is a matter of *giving up your free will* and *your choices if you take it!* We'll see that, and we'll see how they're working on methods to control people so that they can bring in the one-world government.

As I have said, and you watch it, the first thing they need to do is bring in a one-world currency, then they can bring in a one-world government. You go back to the sermons I did late 2008 when they formed the G-20. What did I say? This is the groundwork to put all central banks on the same page, with the same methods, with the same requirements. This is how they're going to control the whole economics of the world. And when they collapse it, it will be a phenomenal worldwide collapse.

If you don't believe that, analyze what's happened in Europe. Did they have to change everything to get in conformity with the G-20? And remember, George W. Bush had that plan all ready to go. As soon as the market went down in 2008, it guaranteed the election of Barack Hussein Obama. Bush had a meeting, called all the bankers in the world, had them come to Washington, D.C., and they gave them the first drafts already prepared for the coming one-world banking system, 'because after all, we can't have economic collapses like this. We've all got to have the same regulations.' If you all have the same regulations, what is that going to lead to? ***The same currency! We're not to be of the world.***

Here's the key; analyze this with *your* life, v 17: "Sanctify them in Your Truth; Your Word is the Truth." And the only, only way you can overcome the deceptiveness of the human nature, which we still have, is to constantly be studying and living by the Truth. Then He says they send us out into the world and do sanctify them.

Let's come here to 1-John 2. Let's see something that we need to understand here. Let's see how we can live *in* the world, but not be *of* the world. 1-John 2:15: "Do not love the world... [God has the capacity to love the world, in spite of itself, not us.] ...nor the things *that are* in the world." Don't we, today, have more things *in* the world, *from* the

world, *of* the world? *Yes, we do!* And a lot of these things we take for granted. A lot of them—just like everything else:

- there is a good use/there is bad use
- there is a right use/there's a wrong use
- there's a righteous use/there's an evil use

“...If anyone loves the world, the love of the Father is not in him” (v 15).

Since we're here around the Christmas season, let's bring this up again. When the Church in Southern California finally apostatized to the point that they sanctioned eating unclean meats, the supposed brethren lined up in droves to go out and have all the unclean foods that afternoon at the Red Lobster. When it came time later to shift over to Sunday, so many people said, 'Oh, this is really good, the Sabbath has really been a burden.' *So they went right along!* When it came time, 'Well, you really don't have to keep the Holy Days, and there's really nothing wrong with Christmas. After all it says of the Christmas tree, it can't do good or it can't do evil.' And there were people who said, 'Oh, we're so glad we can have Christmas again. I really miss that.'

Like one woman I knew when she found out that some Christmas carols were really not against God, which some of them are not, being a piano player she immediately sprung to the piano, sat down and started playing them by memory.

- Who controls *your* mind?
- What controls *your* mind?
- What do *you* really believe?
- What is *your* actual faith?

Notice what we need to understand here. “...If anyone loves the world, the love of the Father is not in him” (v 15). What is the first and great commandment? '*Love God with all your heart, mind, soul and being.*' That is the #1 safeguard to not get trapped into this world.

Remember what happened to the Church of Ephesus? Remember that?

- They were commended for their works.
- They were commended because they tested the apostles whether they were true or false.
- They were commended because they hated the works of the Nicolaitans.

Yet, what happened to them? They lost their first love! They lost the love of the Father and Jesus Christ!

What did Jesus tell them? Remember, the letters to the seven churches in Rev. 2 & 3 are *direct letters from Jesus Christ to His churches*. So, we

need to read those and understand those and see what happens. *If* you use your free will to choose evil, and *if*, through circumstances, you do not change and repent then more will come. That's just the way that it is.

And we will see that human beings have been made by God in a way that if we give ourselves to God, we'll grow and overcome. But if we give ourselves to the world and Satan the devil, we'll go into the depths of evil. Remember what Jesus said to the Church at Thyatira? '*As many as have not known the depths of Satan,*' speaking to His own church.

So, where are we today? Here's the great thing that is magnified. How many more times today than at any time in the history of the world? Verse 16: “Because everything that *is* in the world—the **lust of the flesh, and the lust of the eyes, and the pretentious pride of physical life**—is not from the Father, but is from the world” (v 16).

Think of all the devices that we have—media devices, musical devices:

- How does Satan use those?
- Do you know that?
- Do you understand how these things can be used to control you?
- Why is it that when you're listening to a certain ad, something really grates against your feelings?
- Why is that?

Because it is so deceptive that you actually pick up on the fact that it is deceptive! Same way with music: Have you ever gone in a store and they're playing all of this music? Why do they have to have music in every store? *They have it to keep everybody in line!* It's *from the world*. But you need to understand this:

Verse 17: “*And the world and its lust is passing away, but one who does the will of God abides forever.*” What is the will of the Father? That ties right in. Let's see how the Bible agrees with itself over and over again, because it is the Truth. I got a letter from someone who said, 'Well, they told them that Fred Coulter is so evil that he even wrote his own Bible.' Really? *Not so!*

Matthew 7:21: “Not everyone who says to Me, 'Lord, Lord,' shall enter into the Kingdom of heaven...” Just because you keep the Sabbath and you keep the Holy Days, and you have a nice warm relationship with the brethren, but you don't have one with God, do you think you're going to enter into the Kingdom of God? How many of us have asked: What is my dangerous comfort zone? *You need to find out!*

Verse 21: “Not everyone who says to Me, 'Lord, Lord,' shall enter into the Kingdom of

Heaven; but the one who is doing the will of My Father, Who *is* in heaven.”

What does it say back here, 1-John 2:17? “...but **the one who does the will of God abides forever.**”

Today Satan is working like he has never worked before. Ephesians 2:1 becomes very important for you to understand. We’re so accustomed to all things that we have—all the electronics, all the convenience. Some people when the electricity went off actually talked to one another because the television wouldn’t work. Try it! You’ll like it!

Ephesians 2:1: “Now, you were dead in trespasses and sins.” Regardless of how good a person you may have thought yourself to be. This is what is so deceptive concerning Protestantism. They have a counterfeit that looks so good. It feels so good. It sounds so good. You read certain Scriptures. Satan is there to give you a benefit. He wants you to have a benefit.

Verse 2: “In which you walked in times past according to the course of this world... [we’re called out of the world] ...according to the prince of the power of the air... [Satan the devil] **...the spirit that is now working within the children of disobedience**” (v 2).

How much room do you give in your mind for Satan the devil? ‘*Oh, I don’t do that!*’ Really? We’ll read some information here in a little bit and we’ll find out. Have you ever gone along and some thought, sometimes it’s even a good thought, because Satan wants you to do something good and is actually sin. Witness everything that they have concerning Christmas. Look at the ads. ‘Oh, you buy a gift for your children. You buy gifts for your husband, for your wife. The greatest gift to give is a Mercedes-Benz with a big ribbon on the top of it.’

Was it paid for? Or now it is, they’re down to the smaller ones, giving tools to husband and daddy. All of that is in the guise of good. Is it good to give a gift? *Of course, it’s good to give a gift*, nothing wrong with giving a gift. But why is everyone going along with the whole system? *There is pleasure in sin for a season!* And Satan gives you what looks like temporary benefits.

‘Why, if you quit keeping the Sabbath, you could earn time and a half!’ Wouldn’t that help your family? What happened before they went to Sunday? Isn’t that what the message was? *In order to provide for your family, if you have to work on the Sabbath, God understands.* Where did that come from?

And believe me, *it’s going to happen again!* And believe me, if you go to churches where the messages are really not Scriptural, and they’re milk-

toast with lukewarm skim milk, and everybody’s happy, happy, happy, where the ministry says that people come to church because they want relief from the world. That’s not why we have church. We have church to learn of God’s way. *Be careful, Satan’s clever counterfeit is going to come!* Maybe you have already been set up for it. We’ll cover that in just a little bit. So remember that there are fiery darts or missiles that Satan sends our way to put thoughts into our mind. I want you to stop and think how many electronic helpers he has to do it. *Think* for a minute!

We should look at it this way, v 3: “Among whom also we all once had our conduct in the lusts of our flesh, doing the things willed by the flesh and by the mind, and were by nature *the* children of wrath, even as the rest of *the world.*” Doesn’t that agree completely with 1-John 2:15-16? *Absolutely!*

Let’s go to Revelation 18, since it’s the so-called Christmas season. Of course, you know it’s good to lie to your children; to do good. Try that with your boss if you steal some money. ‘I’m just trying to do good.’ Try that like the latest one, perhaps one the most visibly corrupt people in the world today who caused MF Global to go bankrupt; who didn’t know where \$1.3-million went. ‘I just don’t know.’ I’ll tell you where it went. Proverbs says ‘if you get wealth improperly, it will go to money heaven.’ It’ll fly away to heaven. In other words, it was something that wasn’t there. ‘Oh, but people lost their retirement.’ *Yes, indeed!*

Revelation 18:1: “And after these things I saw an angel descending from heaven, having great authority; and the earth was illuminated with his glory. And he cried out mightily with a loud voice, saying, ‘Babylon the Great is fallen, is fallen, and has become a habitation of demons, and a prison of every unclean spirit, and a prison of every unclean and hated bird; because **all** nations...’” (vs 1-2). At the end-time we’re talking about vast things that are going to happen globally. That’s why they couldn’t understand the book of Revelation until the age that we’re living in now.

“...**all** nations have drunk of the wine of the fury of her fornication...” (v 3). That’s every inhabitant. While you’re watching the news, since Christmas is on Sunday, watch the news and see how many different nations of the world, though they’re not Christian, keep Christmas. ‘Because it’s a good thing to do,’ so they say

“...and the kings of the earth have committed fornication with her...” (v 3). Why do you think that all governments are so messed up? *Because they’re following Satan the devil, they’re not following God!* How can you get honest politicians when they’re dedicated to deceit? If

someone is going to be really, *really* honest, can they get elected? Look at two of them running for President in the Republican Party. The two that have more decency and understanding than all the rest of them—Michelle Bachmann and Rick Santorum. When they tell the truth, it doesn't matter how many people they see and talk to, people can't handle the truth, because they've got to have their little old lies that they keep.

Just think how a politician would be able to have success if he said, 'Listen, when I become President, first thing we're going to do is have a week of prayer and fasting and repentance, and we're all going to quit going to church on Sunday and we're going to keep the Sabbath, and we are going to outlaw Christmas and outlaw Easter and get rid of all of these things.' Because this is what it's talking about here:

Rev. 18. "...and the merchants of the earth have become rich through the power of her luxury" (v 3). You ever heard of the day 'Black Friday'? *The day after Thanksgiving!* Do you know why they call it Black Friday? *Because that starts the profit for the year for the majority of companies in the world!* They depend on the Christmas shopping season. They depend on the Halloween shopping season, which now is running neck and neck with Christmas. They depend on the Easter season. Where does all of it come from? *From Satan the devil!*

Verse 4: "And I heard another voice from heaven, saying, '**Come out of her, My people, so that you do not take part in her sins...**'" How many sins of the world do we partake in? Remember the prince of the power of the air with all of his electronic helpers—lots and lots and lots of them. Have you watched those lately? How many computer games do you play? What are they? *Death and destruction!*

"...do not partake in her sins, and that you do not receive of her plagues. For her sins have reached as far as heaven, and God has remembered her iniquities" (vs 4-5). The time is going to come. Who controls your mind? Who or what?

I've got a report here. I'm going to re-title this: The Super Establishment Elite Mind-Control Plan. (actual title of article: *Methods of Illuminati Mind Control*; Nov. 1, 2011 (henrymakow.com) If you want to know who they are, you go back and you look up the sermons that I did on the *Stealth Revolution of Religion and Government in Last Days*. There are people who worship Satan the devil, who knowingly serve him and he is the one to whom he gives the power to control the world. Remember what I've given on *Transhumanism* and how that's coming. Obviously, all of us are not going to be involved in any transhumanism. That's for sure. But

they have plans for the rest of the people. What are they? Here's the headline:

Media theme saturation gets millions—sometimes billions (as with 'Avatar,' and especially 'Pirates')—

Avatar is transhumanism. *Pirates of the Caribbean* is put out by Walt Disney. 'Oh, Walt Disney does nice things for the children.' Yes, *he introduces them to:*

- witchcraft
- fantasies
- violence
- sex

And by the way, they have the 'gay pride day' at Walt Disney World in Florida. Guess what else they teach?

- Do you have children?
- Do you let them watch a lot of television?
- Do you let them watch Disneyland things?
- Do you buy them movies so they can watch?
- When you strap them into the back seats and you have your little turndown movies that they watch, what are they watching?
- What's going into their—as Rush Limbaugh says—skulls full of mush?
- What's programming their brains?
- What's being done?

They're saturating billions

—of people and their thinking the same thoughts, memorizing the same imagery, asking the same questions, and ingesting new ideas at the same time. See, even though the precise neural arrangement of each individual brain is unique, and each mind is unique, neural firing patterns are predictable.

What are they saying with this? *Human minds function the way that God made them to function and they have discovered how they work! So **the super-establishment elite:***

The Illuminati have the means to introduce thoughts, to influence nighttime dreams, and to produce visual projections seemingly in real time space.

Isn't that something? The last of the ones that I went to see was *Star Wars*, I remember at the big church in Pasadena when everyone went out to *Star Wars*. I have to back up, first they had *Mary Poppins*. 'Oh, *Mary Poppins* is a nice movie.' And everyone at church was saying, 'Well, what a wonderful movie. How innocent that was, the songs, the dancing, and everything.'

But what was it based upon? *Witchcraft!* Teaching kids to clean up their rooms by witchcraft, which then introduces them to what? *Demons!* When I mentioned that, ‘Ah, you’re just a stick-in-the-mud!’

- What does God say about witchcraft?
- Are there good witches?
- Do good witches work for God?
- Can there be any such thing as good witchcraft?

‘Oh, well, we can handle that.’ *Yes, but* can your children?

- What does it say?

Come out of the world, My people.

What are we going to entertain our children with? *That’s up to you to figure out!* What are they going to say to all of their friends? Like they have the ad to sell a Mercedes-Benz, they have a little kid dressed up in Darth Vader. As I mentioned before, back to *Star Wars*. At this same large church in Southern California, they had 1,200 twice a day come there for services. Where are they now? When *Star Wars* came out, what did they do? Even the ministers went around and said, ‘Let *the force* be with you.’ Who is the force? *Satan the devil!*

And remember that ugly little pointed eared midget Yoda, supposed to have the one to have mind-control to move objects and lift jet planes out of the muck and give you control so you can go kill and destroy. ‘Oh, but that was for good.’ So again I was taken to task; even by my own kids.

They have sponsored brain-pattern science because the ability to produce a controlling mental signal is the final key.

What have I said concerning the mark of the beast? *It is going to be so they can control you* and they’re working on it—overtime, triple time, quadruple time, magnified by different laboratories and universities around the world.

Now we’ll look at the *mark of the beast* here in just a little bit, because in order to bring in a one-world government the question is: How do you control the people? Look at all of the Arab nations are exactly like the Bible describes them. Arab and Esau: Hand against everyone, against his brother, wild, unpredictable. How are you going to control?

The operating principle of this mind-control technology is that there does exist a ‘sixth sense’—the electromagnetic brain field.

That everyone has. Your brain is electromagnetic. That’s how it works. That’s how you have thoughts. Plus you have the *spirit of man* and if you’re really converted you have united with the *spirit of man* that

you have, the Spirit of God, and for a great purpose. So once again, you may want to read about the Laodiceans, because you may not be using your mind the way that you should be and now is the time to wake up and understand what you need to do.

The scientific assessment is that this field is responsive—therefore, control is possible.

Wouldn’t it would be nice—no riots? Wouldn’t it be nice—no wars? ‘We’ll just control everybody’s minds, but we will have war on demand when we want it. All we have to do is press the response.’

[This] mind-control technology is capable not only of reading thoughts of all types with absolute precision, but of using predictable neuron-firing patterns (‘resonance’) as a point of delivery.

We all have radios. BING! You turn them on. How does the sound come to you? There’s an electromagnetic field for that particular numbered station. And there are how many in the world. And you turn it on and you receive the electronic impulse into the machine, and the machine can phase it to you. So you listen to it.

When you listen to it, what are you doing? *You are responding to it!* Just like the radio mechanical thing or television or iPad, iPod, whatever digital device you have responds to its electronic wave coming in, so likewise when you are looking at it, you are responding to it with your own electronic receivers—your mind. And you need to understand what can happen.

(go to the next track)

DEEP MIND CONTROL

Some of the things that I’ve mentioned are all low-level mind control. But deep mind control is something else.

The finessed process of deep mind control involves several stages.

And they have used this in the past.

Targeted individuals’ minds are monitored in order to establish a schedule of attention patterns. That is, habits. Everyone thinks about a few things often.

So what they’re doing is looking for the entry point, the suggestion, the thought transfer.

This is the entry point. Once a mental and emotional map of repetitive thought has been drawn...

So they can do this. They can analyze how the mind works.

...the initial stage of influence can begin.

Satan also does this with music and with drugs to get people to go after him and demons. What is one of the famous bands in the world? *Knights in the Service of Satan* (KISS). How do they get all of the young people? Why is there special music for young people and teenagers? *Because those are the ones who are going to become adults, so we must pre-program their minds!* One of the first things you need to pre-program their minds is to **reject Christianity, to reject God**, to accept humanism. And they can do that.

The electromagnetic mind-delivery system interrupts an habitual neuron-firing pattern with an extremely brief 'blank' state, immediately followed by a new, and brief, designed pattern.... [To get people to re-think.] ...As the targeted subject becomes accustomed to the briefly imposed pattern, that pattern can be lengthened over time into an entirely new and controlled series of thought patterns.

Why do people think the way that they do? Why is it that so many young people are so brainwashed and mesmerized with the music, that they become rebellious? *Because they've been programmed!* Beginning with kids, beginning with Walt Disney, then on into other things.

This method is called 'emotional acclimation.' It has been derived from the most basic principles of human learning, and it differs from home and classroom education only in that the delivery of information is both concealed from the 'learner', and originates from a remote location via advanced technology.

If they can send a radio program to your radio, and they figure out how to do it with the mind, then they can do that.

CONCEALMENT: Intrusive thought control must be hidden. The introduction of ideas, the presentation of influential imagery, and emotional influence of behavioral choices, must all be concealed.

This is why you have thesis, anti-thesis, synthesis. It is a repetitious pattern of getting you to change your thoughts. 'Love is good, love is the ultimate, love is what God wants.' *True!* How did that get translated then into terms *any love is good?* If love is good, cannot love be good through all things? *See, human reasoning, plant it into the mind.* Well, then, if you love someone, what's wrong with having sex with them? After all, there are no barriers to sex anymore, is there?

I have a note here: Partially concealed—through humor. That's how Satan gets people to accept devious behavior—*by humor*. You watch any of these comic television programs and what happens? *It all descends from the brain to the crotch*—does it not? *Yes, indeed!* And people laugh at it. Once you accept it and laugh at it, you have already had *your barrier lowered*. Now there are many other things.

- you've got it in television
- you have it in books
- you have it in downloadable things from the Internet
- you have it in magazines

Why is it, why is it that when you go out of the supermarket they have right there at the checkout stand all of these magazines designed specifically for women. Why? Just take fifteen minutes and stand back and watch them go through the line. Watch the women look at it and read it. Watch different ones pick it up and read it.

What is it all about? *Sex, divorce, drugs, new husbands, boyfriends, girlfriends!* What have we done to the female population of the world? *We've turned the world into a brothel center*, just the way that it is. And it's been done a little bit at a time. That's called *incrementalism*. Have you heard of incrementalism?

There are numerous means of concealment, but I will present the most obvious. It is especially important to... [these people] ...that pornography is consumed.

I always have to wonder when women righteously stand up and say, 'Why do men watch pornography?' That's only half the question. Why do women like to have their bodies photographed nude? If they didn't do it, would there be any market for pornography? *Be much less*—wouldn't it?

The more extreme the pornography, the better.

The human mind is drawn to that perversity.

The more often the better. Habitual sexual fantasizing provides a smooth entry point for the insertion of thoughts, not only because sexual fantasy tends to be repetitive and to self-amplify over time. Sexual taboos provide external thought intrusions with an ideal place to hide.

What else comes along with that? *Lying, cheating*—right? Isn't that true? *Yes! Rejection of God, rejection of morality!* And it's so bad over in San Francisco that on Christmas Day they're going to have the naked Santa's party, and the only clothes

they're wearing is a Santa's hat. How's that for a true identification of Satan's plan in the long run to degrade people? And people are coming from all over to get in the parade in San Francisco on Christmas Day—naked. I think someone ought to remind them of Sodom of Gomorrah. 'Oh, that old stuff!' *One of these days judgment is coming.*

A man holding taboo sexual desires is in no hurry to exhibit his hidden self to the world.

How many men and women have done that? Look at the killers, serial killers. What are they always involved in? Look at right here, right close, maybe only 50 miles from here. This man for 18 years had kidnapped the neighbor's daughter, put her in a secluded dungeon below the house and had sex with her. She actually had 3 children. And he was a good Jehovah Witness. My, 'religious' people are nice—aren't they?

Thoughts inserted, or else any deeper influential control mechanisms installed during a person's time in this dark space, are by practical definition destined to dwell within and operate from a deep internal space.

Which means this: You, by choice, have given your mind over to evil, because you did not close the door the first time—or the second time, or the third time, or the fourth time—and then you become habituated to it. What happens? *You go down, down, down, down!*

Let's see how 2-Timothy 3 rightly describes this generation and why we have the problems we have. Now it's going to be magnified with the mark of the beast. That is the ultimate surrender of your free will to Satan the devil. I don't think we grasp the battle that this is going to put us in. I don't think we grasp that we have got to be strong enough for God to give our lives in defense of God's way.

Some people say, 'Why does God want that?' Do you accept the death of Jesus for you? *Yes, you do!* Did all the apostles die of martyrdom? *Yes, they did!* So, what makes us think we're any better? And if we truly love God and if we're truly going to do what is right, what are we going to do when the time comes, because the time is surely coming. How far down the road? *Don't know!*

I remember when I resigned in 1979, God inspired me to say that unless there is repentance in Pasadena, unless there's someone standing in the pulpit saying, 'Amend your ways,' that *the forces are going to be set loose which will destroy the Church.* And there were some people who said, 'Oh, that's pretty heavy.' God inspired me to say it. I didn't have it in my notes.

- Did it look like it was going to happen when I said? *No!*
 - Ten years later, '89? *Nope!*
- Well, a little shaky!*
- How about 1995?
 - Did it happen?
 - Was that a true inspiration? *Yes, indeed!*
 - Does that make me a prophet? *No!*
- That just means that's the message God wanted me to speak.*
- Does that make me something special? *No!*

2-Timothy 3:1: "**Know this** also... [You need to know and understand and realize this is here.] ...that in *the* last days perilous times shall come; For men will be lovers of self... [totally self-centered, narcissistic, into self] ...lovers of money, braggarts, proud, blasphemers, disobedient to parents, unthankful, unholy... [they have given up their free choice to do good] ...Without natural affection, implacable... [can't change them] ...slanderers, without self-control, savage, despisers of those who are good, betrayers, reckless, egotistical, lovers of pleasure rather than lovers of God" (vs 1-4). That becomes an important thing—lovers of pleasure and lovers of self. Because that describes the young generation today who have been pre-programmed into emotional subjective thinking, which we will cover here a little later.

So much so, that I talked to a woman whose granddaughter went to a college, wonderful college. Going to get a college education. 'Oh, this is wonderful.' She grew up in the Church. And she even had the virgin's ring that she wore, supposed to be dedicated and keep herself pure until marriage. She got off to one of these colleges and in three weeks she was a full-fledged lesbian with a lover. Why?

- Because of *what they teach*
- Because of the *influence of the other students*
- Because *she never really centered her life on God and Christ* in the first place

Attending a congregation does not mean you're going to have these things just sort of seep into you and now it becomes part of you. Every one of us as human beings have choices we have to make. So, here's the world. Here's the way that they are. And all of this, you tie in with other things concerning adultery and fornication, and you look out there and see what they have.

The only thing that's holding back God's extreme wrath upon this nation is that in the United States of America, it's the only place in the world where the Gospel is being preached, regardless of the degree of full understand or lack thereof. At least it is being preached.

The Illuminati [the elite] appreciate that, because it makes their work easier. Habitual fantasizing provides the perfect framework for mapping the behavior/reward structure of any given psyche.

You have that in every ad that you watch on television, that you hear on radio. I want you to be aware of what is happening. I want you to understand the messages that you hear and where they are leading. If you don't believe it, watch all of these medical ads for all of the medicines, and what you do is this. Mute the sound and put on the trailer and read what these things do with the side effects. It will amaze you.

But people are structured to do that now. A person would not think of treating himself. No, no, go to a doctor. If you've got a good doctor, he can help you. But I look at this ad, 'Sign up for Humana supplemental drug co-payment.' That if you sign up with them, the average person who signs up with them saves \$795 a year in drug costs. Hello! How much are they spending on drugs?

The next one is: RATIONALIZATION

You have to make it sound good. You have to make it sound rewarding. You have to give a benefit. There's one ad that's showing a football game and it's getting down to the last. You can't have that team score so it has to go in overtime. So, they're sitting in this buffalo-wings cafe. I forget which it is, and they use their cell phone. They call their friend who works over at the stadium and they have it set up so that he can call and he can interfere with the game. What he does he turns on the sprinkler system at the right point and they can't make the field goal. Everybody in the restaurant is cheering. What does that teach? *Lying, cheating—entertainment, that is disastrous!* 'Oh, but it's fun.' What are they being programmed with? *They rationalize that it's okay to cheat to win.* That's why they all cheat. You hear about students getting caught cheating or workers taking tests cheating. What is the excuse that always comes up? 'Well, everyone does it.' *Rationalization!*

The comment was made that even at one of the football games that someone blew a whistle as if one of the referees had blown a whistle and they hadn't. Changed the outcome of the game. *Rationalization!* Everyone was happy for it. You know the team that it benefited? Oh, they were all happy, yes, indeed.

It is not sufficient only to introduce new thoughts, notions, and impulses, which enable deep control. The receiver must eventually become willing to accept them and follow them at the conscious level.

Whatever it may be. What is a good example of that? *The whole way the world runs in opposition to God!* I was talking to my barber and I gave him a card on Church at Home. 'Oh, Church at Home, we need more of that. But, there is a benefit of going to church.' And he's a Catholic.

So on December 12 they went to the Catholic cathedral in Hollister, which is a big one by the way, for the birthday of the virgin of Guadeloupe at 3:25 in the morning. When they arrived the place was packed. They had a magnificent ceremony. He told me how moving it was. They all sang in Spanish, happy birthday to the virgin of Guadeloupe. Then they had the mariachi band, they had the young folks sing, they had their meal. I'm sure it had ham and bacon, and all the other accoutrements with it, maybe even some good old pulled pork.

It was a wonderful occasion because everybody had a good time. So, if you have a good time you can rationalize idolatry. *You could rationalize any kind of behavior!* Look at the super elite over here in Marin County, the Bohemian Grove. The highest level of leaders in America go over there and worship the big owl, burn it. It's completely blocked off so the public can't get in there because their behavior is so obscene, and these are the leaders-presidents, secretaries of states, legislators, governors. I if you don't have a certain level of elitism you don't get in there. They do it by willful choice.

Individuals being influenced by mind control themselves perform the psychological choices, which foist their awareness of external control. This is kit and key to the success of the process. Rebellion against the process would be a risk.

What is that telling you? If you're going to be a true Christian, you're going to be thought of as being rebellious to the ways of the world. If you resist that kind of thing and don't get involved in it, you are being rebellious to Satan the devil. What you have here is that you have completely blurred the distinction between right and wrong and good and evil.

All right, the next step. I want you to think about all of these things and just view the world, just view what these things are and see. Ask yourself the question: How much have *I* been influenced by this? And if you don't think you have, the next time you have some stupid tune jump into your mind that you didn't know was there, you know you've been had at a certain level. This is why the sermons I gave on the *Washing of the Water by the Word*. The next thing is:

CULTURE-WIDE BOMBARDMENT:

Have you ever wondered why Hollywood tends to produce more than one film of the same theme, the same exact subject material, within close periods of time?

For example, last year two major motion pictures were released, concerning specifically the ninth roman legion; two, concerning no-strings sexual friendships; and at least three, concerning alien invasions. I should mention that we're going on FIVE "Pirates of the Caribbean" films, now. Five.

All of those. You get people thinking in a certain direction. You get them used to certain things.

Most would put this down to mere film studio competition (but you might note that no other film studios have been producing pirate films). The actual reasons are more sinister. Media theme saturation gets millions—sometimes billions (as with 'Avatar,' and especially 'Pirates')—of people thinking the same thoughts, memorizing the same imagery...

Singing the same tunes, buying the same music, wearing the same clothes.

...asking the same questions, and ingesting new ideas...all together, at the same time.

Isn't that something? Is that not a good description of Christmas? *Yes, indeed!* Someone ought to ask Bill O'Reilly on the *O'Reilly Factor* on Fox News: 'Dear Bill, you claim that you're the no-spin zone. That's very nice for you to give both sides. You claim that you are impartial. That's great, we're glad that you are. You claim that you will stand for good causes. That's wonderful. You are a great defender of Christmas and the manger scene around the United States and around the world. But:

- Can you really handle the Truth?
- Would you be willing to look in your own Catholic Bible and see what it says about the Christmas tree?
- Would you be willing to look in your own Catholic Bible and understand what God says about the pagan holidays?
- Would you be willing to read in the Catholic Bible where they have not taken out the commandment against idols?
- Would you be willing to reject all of your defense of Christmas and the Christmas nativity scenes for the sake of God and Truth?

Let's see if you really belong to the no-spin zone or not.'

Can you imagine what he would do? *Of course, he wouldn't reject it!* So let's finish this, because this is very important for us to understand here.

See, even though the precise neural arrangement of each individual brain is unique, and each mind is unique, neural firing patterns are predictable. Each action of the mind moves through the human brain in a pattern that is statistically knowable.

They've done enough research on the human brain to know it.

The Illuminati [elite] use their select base of test subjects as a survey to establish templates for general (broad wave) delivery to the media-devouring public.

Once a template is established, and the delivery point has been chosen, the process of introducing subliminal messages may commence.

This procedure is successful because most members of the public happily embrace repetitive—and therefore increasingly predictable—thoughts and behaviors.

Media presentations presenting strong sexual and violent content are particularly effective...

i.e. every soap opera on the lame-stream media—NBC, ABC, CBS, the Disney Channel, movie channels—all of that are there, very effective.

...because these themes reduce internal reflective activity to a minimum. That gives the broadwave broadcast some space, to get in and influence minds without interrupting real-time conscious thinking.

They have done that in California concerning same-sex marriage. Over a period of 8 years they have moved the percentage of people who are for same-sex marriage from about 35% up to now close to 50%, by this same process. By the soap operas where they show humor to transmit the idea that homosexuality and fornication and all sex activities are funny, are normal, are accepted.

I never watch them. That's why I say when I watch TV, and Dolores doesn't like to watch TV with me much, because every time there's a commercial I hit the mute. And if the ad is really bad, I hit channel 65, which is a blue screen. When I'm driving in the car, I have a mute button for my radio control and when the advertisements come on, I hit the mute button.

Here is a list of the media categories targeted as vehicles for mass thought synchronization and habituation:

Christmas, that's one of them. All the songs.

- TV series

And you don't know the secret little flashes that they have on there that you cannot see.

- mainstream news
- popular novels
- films of similar theme
- film series
- video and computer games
- online interactive games
- social networking websites
- political slogans
- religious campaigns
- popular music
- advertisements
- diet fads
- fashion trends
- pornography

All of those are part and parcel of mind control!
Then the final thing here is this: ***Keep in mind that this is sort of child's play versus how the actual extant technology is applied!***
